Tip of the Month

Don't give out your SSN unnecessarily (only for tax reasons, credit or verified employment.) Before providing personal identifiers, know how it will be used and if it will be shared.

You should also never keep your Social Security card in your wallet. It's better to keep it in a safety deposit box or in a locked filing cabinet.

Palm Beach County Early Learning Coalition Victim of Data Breach

It was recently reported that the Early Learning Coalition of Palm Beach County experienced a data breach that involved the theft of personal information including

individuals' Social Security numbers.

It is believed that an employee of Family Central, a non-profit contractor, stole the personal information. The breach is believed to have affected over 100 individuals receiving subsidized child care.

Data Breach Due to Improper Document Disposal

Last October when maintenance workers threw out four boxes of Independence Blue Cross members' records it caused a data breach affecting 12,500 of its more than 2.5 million members.

This case unlike the high-profile personal data loss case involving Target did not involve computers simply paper records. Be sure you and your business do not become a victim of improper document disposal.
