## Rules from the 1800's on Business Etiquette

The Manners Manual from the 1800's describes the business etiquette for the gentleman during that time. Here they are:

## Why Hands Have Tremors?

Many people notice they have hand shakes that seem to be unexplainable. Essential Tremors (ET) affect about 4-5% of the population over 65.

Because it is not life threatening,

1. It is important to form correct habits.
2. Never lose your temper, even during controversy.
3. Honesty is the best policy.
4. Do not break an appointment.
5. Be prompt with meeting notes and making payments.
6. If you see a merchants books open do not look at them.
7. If you write a letter requesting information, always include a return envelope addressed with a stamp.
8. Reply to all business letters immediately.

doctors refer to ET as being a benign condition.

However, many factors aggravate this condition making it worse. If you have, or suspect you have ET, you should avoid excessive caffeine, alcohol, stress, exhaustion, and extreme temperature changes.

Physical therapy can help strengthen muscles that can actually make the condition improve. You can also ask your doctor about two medications used to control ET, Inderal and Mysoline.
