Inside Contractor Breaches Florida Gulf Coast Business

The U.S. Department of Health and Human Services (HHS) fined Gulf Coast Pain Consultants, which does business as Clearway Pain Solutions, \$1.19 million after it was revealed that an insider breach impacted 35,000 people.

Gulf Coast Pain reported that a contractor they engaged from May to August 2018 to provide business consulting services continued to access their medical records. The contractor was accessing the database in 2019 for fraudulent Medicare claims. The former contractor was later indicted.

The compromised data included patient names, addresses, phone numbers, e-mail addresses, Social Security numbers and other health information.

Fun December Facts

- This year, Hanukkah will begin on Christmas, December 25.
- Hanukkah lasts for eight days and is also called the Festival of Lights, because the Maccabees only had enough oil for light for one night but it miraculously burned for 8!
- Germans were likely the first to bring Christmas trees into their home to decorate with lights and cookies.
- On Hanukkah, a menorah holds 9 candles. Eight represent each night the oil lasted and the 9th is called the shamash, which is the candle that lights all the others.
- Santa Claus comes from St. Nicholas, a Christian bishop known for giving away his wealth to help the needy.
- Dreidel is a game where you spin a top containing Hebrew letters and you can win "gelt" which can be real coins or chocolate.
- Santa was always seen wearing a blue, white and green suit until Coca Cola made his suit red.
- Unlike Christmas, Hanukkah never falls on the same day each year. It's on the 25th month of Kislev on the Jewish calendar but it varies because the Jewish calendar and the Gregorian calendar are not in sync.
